

## **Environmental Policy**

Railport Terminal İşletmeleri A.Ş. is a leading company in container road terminal operations in Türkiye, located in the Kartepe region. Our goal is to carry out all activities and services at our terminal in line with legal requirements while being mindful of the environment. We are committed to continuously improving our efforts for a more sustainable future. This is the core of our environmental policy.

## **Environmental Protection and Pollution Prevention**

- We identify the environmental aspects and impacts of our activities and services and aim to eliminate or minimize any negative environmental effects at their source whenever possible.
- We prepare emergency response plans to quickly and effectively address any pollution that may occur due to accidents or emergencies, conduct drills, and ensure we are ready for potential emergencies.
- We carry out monitoring and control activities to prevent air, water, and soil pollution from any sources.
- We work towards reducing climate change and minimizing our carbon footprint.

## **Compliance Obligations**

- We comply with national regulations and international agreements related to our activities and services.
- We apply international environmental standards while considering local and operational conditions.
- We consider environmental conditions in our contracts with customers and suppliers.
- We inform our neighbors and other external stakeholders about our environmental performance.

## **Continuous Improvement**

- We engage in activities that reduce the use of natural resources and increase energy efficiency.
- We promote the use of recyclable and environmentally friendly materials.
- We provide environmental training to our employees and suppliers to raise awareness about environmental protection and encourage them to take an active role in environmentally conscious practices.
- We ensure that our environmental policy and objectives are properly understood and fully implemented by our employees, as well as the individuals and organizations we provide or receive service from.
- We monitor, evaluate, and continuously improve our organization's environmental performance.
- We continuously improve the work equipment we use in our operations and services to align with technological advancements.

Commitment to the environmental policy, goals, and objectives is the primary responsibility of all RAILPORT TERMINAL İŞLETMELERİ A.Ş. employees.
